RE: Ground Water Permit No. G2-28085

Sept. 6, 1995

Dear Marie,

Thank you for the return of my telephone call regarding the issue of the above referenced permit. It is my understanding from you that the permit has not been issued for lack of a \$20 fee. It is also my understanding from you that this fee had been requested earlier.

I regret that I did not receive the notice of this request for the \$20 fee. However, please find enclosed a check for that amount, made payable to the Department of Ecology for processing of the ground water permit no. G2-28085.

Thank you in advance for your most prompt processing of this fee and the mailing of the referenced permit. Also, I would appreciate your mailing that permit to the address noted above and to up-date the record file to insure that any future correspondence utilizes this new address.

Sincerely,
Olympic Development Planning
